Office Action Summary

Art Unit 1712

1. The indicated allowability of claim 42 is withdrawn in view of the newly discovered reference(s) to Heitz et al. 5,798,112. Rejections based on the newly cited reference(s) follow.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 42 is rejected <sup>over prior art</sup> under 35 U.S.C. § 102(b) as being clearly anticipated by Heitz et al. 5,798,112, esp. the "optimum composition" in column 29, lines 24-37.

4. Claims 43-46 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record doesn't disclose or fairly suggest the homogeneous liquid compositions of claims 43-46 herein in which the natural gum is non-derivatized guar gum, cationic guar gum, non-cationic guar gum or mixtures thereof.
